Convertinvest European Convertible & Bond Fund (I) (T)

Bond fund

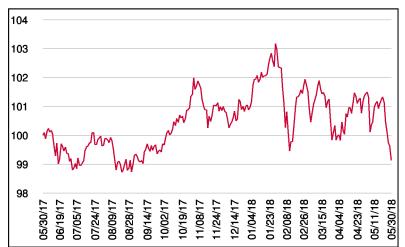

Fund characteristic

CONVERTINVEST European Convertible & Bond Fund is an actively managed investment fund. As its investment goal, it targets increasing returns and mainly invests (at least 51% of fund assets) in convertible bonds or bonds with convertibility into European equities and bonds of issuers, whose headquarters or main activities are in Europe or, as holding companies, mainly hold stakes in companies based in Europe. The fund seeks to invest in (at least 70%) convertible bonds rated Investment Grade or of equivalent rating quality.

triggered by political factors. After a brief moment of

relaxation, the US's refusal to attend the North Korean summit and withdrawal from the Iran nuclear deal caused nervousness. The published quarterly results were positive, on the whole, but only briefly revived the market. At the end of the month the problems in forming the Italian government led to significant turbulence on the capital markets. Where corporate matters are concerned, a US hedge fund's attack on Folli Follie is worthy of note. Both stocks and convertible bonds sustained massive losses in value and depressed the portfolio. As a result of regrouping and market fluctuations, the delta fell and is around 45%.

After a positive start, towards the end of the month the stock markets experienced setbacks once again
